

SUMMARY

Back-End Developer experienced in RESTful API development, server-side systems, and full-stack web applications using NodeJS, Laravel, and NextJS. Experienced through an internship at Flash Coffee and academic software engineering projects involving system design and database implementation. Holds a Bachelor's degree in Computer Science and a Master's degree in Information Systems focused on bridging business requirements with technical implementation. Interested in backend systems, databases (SQL), and scalable software architecture.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, PHP, Java, C.

Back-End: NodeJS, Laravel, REST APIs, Python.

Front-End: ReactJS, NextJS, HTML, CSS.

Database: MySQL.

Tools: Git, Figma, VS Code, Axure RP 9.

Concepts: System Design, API Design, Database Design, Software Engineering, Big Data, Artificial Intelligence, Machine Learning.

EXPERIENCE

Flash Coffee

Tangerang, Indonesia

Back-End Developer Intern

20 February 2023 – 18 February 2024

- Developed RESTful APIs using NodeJS for mobile application features, improving backend reliability and response consistency.
- Implemented backend security practices such as input validation and API access control.
- Designed database structures and implemented data storage solutions for application workflows.
- Wrote technical documentation and performed API testing and debugging.

EDUCATION

Binus Center Bintaro, Full Stack Developer with PHP

Tangerang, Indonesia

April 2026 – June 2026

Relevant Coursework: HTML, CSS, JavaScript, PHP, Laravel, ReactJS.

Bina Nusantara University, Graduate Program

Tangerang, Indonesia

Master of System Information, Big Data. GPA:3.95/4.00

August 2024 – May 2026

Focus: Business Intelligence, Big Data, Machine Learning, Business Analytics, Python.

STATUS: Graduated on May 2, 2026; official transcript and diploma pending journal publication requirement.

Bina Nusantara University

Tangerang, Indonesia

Bachelor of Computer Science, Multimedia. GPA:3.73/4.00

August 2020 – July 2024

Focus: Human-Computer Interaction, Multimedia, User Experience, Program Design Method, Entrepreneurship: Ideation, Entrepreneurship: Prototyping, Software Engineering.

PORTFOLIO

Belajaritma

Tangerang, Indonesia

June 2023 – July 2024

- Developed a learning management platform using PHP Laravel and MySQL for thesis research.
- Implemented learning materials, online assessments, certification, and discussion forum features.
- Designed and managed database structures to support user authentication, course management, and learning activities.

My Portfolio Page

Tangerang, Indonesia

December 2022 – Present

- Made with HTML (Hypertext Markup Language), JavaScript, and CSS (Cascading Style Sheets), this web page highlights my skills, my projects, my experience at Flash Coffee, and about myself.

LinkedIn: <https://www.linkedin.com/in/azzel-reyhanth-aristo-046a54222/>

- Link: <https://new-portofolio-page-azzel.pages.dev/>

GarMob Project

Tangerang, Indonesia
June 2022 – December 2022

- A design for a website made with Figma called GarMob (Gardening Mobile) to help people with planting by providing recommendations for tools and materials as well as planting media for each plant so that the tools and materials selected are appropriate and the user can succeed in gardening and be able to harvest.
- Link: <https://www.figma.com/proto/s5yxkwmtYEQhiOpEe1dJr7/Prototype-GarMob?node-id=1-4&scaling=scale-down&page-id=0%3A1&starting-point-node-id=1%3A4>

CS Course Project

Tangerang, Indonesia
June 2021 – December 2021

- A design for an educational website made with Figma that provides free online courses for people to learn everything they need to know about Computer Science. Each different course provides an E-Book, video learning, and exercises. This website also includes a forum page where users can interact with each other and share their knowledge regarding a certain topic.

LEADERSHIP / ORGANIZATION

BNEC Social Event 2021, "Sign Language to Hear You"

Staff of Registration Division

Tangerang, Indonesia
May 2021 – September 2021

- Managed registration records and participant information for more than 40 event attendees.
- Collaborated with cross-functional committees to support event planning and successful execution.
- Prepared event reports and documentation to evaluate participation and event outcomes.

Bina Nusantara English Club (BNEC)

Staff of Learning Management Division

Tangerang, Indonesia
March 2021 – January 2022

- Worked with my team to create study materials, quizzes, and exams for students preparing for the TOEFL test.
- Evaluated whether our tutors were teaching well and followed our program goals by evaluating and interviewing them.
- Monitored how our tutors and students were doing, making sure they stuck to the schedule and followed the curriculum.
